

BUILD CAPACITY. INVEST IN EMERGING LEADERS.
HOST A LITERACY LEADER!

The Literacy Leadership program works with AmeriCorps VISTA to place energetic leaders with organizations looking to launch or expand literacy programming for children, youth, adults or families. Literacy Leaders work behind the scenes to make programs more effective. Our program operates on a national level from our home base at Literacy Minnesota in St. Paul, MN.

“It was great to help build the next generation of nonprofit leaders and workers.

We liked getting new ideas and different perspectives on our work.”
